

Who are we?

Implexa is a multidisciplinary team providing high quality care to our clients.

We offer a client-centred approach so that we can fully understand the needs and goals of your child, whilst incorporating a holistic approach to therapy to ensure all the people in your child's life are informed and on the same page.

We are passionate about delivering programs that children enjoy participating in. We design programs based on best evidenced-based practice and incorporate the children's interests to ensure engagement and active participation.

What do we do?

We offer specialised 1:1 services in:

- Speech Pathology
- Occupational Therapy
- Psychology
- ABA Therapy

Group Programs

A fun way of interacting while also learning a variety of skills

- Girls Social Skills Program
- Boys Social Skills Program
- Control Your Emotions Program
- Teens with Anxiety
- Minecraft Social Skills Program
- Early Intervention Program

Where do we do it?

At Implexa we understand families are busy, therefore we offer flexible therapy options

- At our clinic
- At your child's school/Kindergarten/day care
- At your house

We would love to hear from you to begin working with your child and your family!

Contact Tamara Wighton or Lorelei Rich to find out about our therapists and competitive pricing structure. Funding options may be available for your child!
